

# His solution

**A**fter conducting an assessment of our existing building and site, a Master Plan Program was developed to enhance and expand Northview's ministries. Included in this plan are improvements to our expanding children and student ministries in order to better accommodate modern learning opportunities, upgrade to current code and conveniences, and reconfigure the building to include better-designed entryways, expanded Narthex, and a new bookstore-café to reach out to others in the community.

As the family of Northview, we are moving forward. This capital stewardship campaign will accomplish the following goals set forth in our Master Plan.

Addition of a new children's wing (infant through 5th grade) will allow adequate space for both corporate and individual learning activities. This space will incorporate modern design methods and learning technologies that will have exceptional appeal to children, parents and workers. The space will also incorporate the latest methods and design for infant care, and optimum security, as well as a parent's room and areas for nursing mothers.

- The children's addition will be situated conveniently in relationship to the current and future sanctuaries. It will be designed so that entryways will maximize convenient access.
- Temporary renovation of portions of the current children's space will be done to accommodate a larger corporate gathering area for the older grades and also provide better security on both floors. This renovation would correct current space problems until the new wing is completed. The upper floor areas would be used for adult education when the new children's wing is opened.
- All current debt would be eliminated by the end of the 3- year campaign.
- The Narthex will be expanded to better accommodate the congestion between services.
- A Christian bookstore-café will provide an outreach to neighborhood families throughout the week and be a valuable resource for attendees.
- A new junior high/senior high center will provide additional worship, learning, and a fellowship space that will complement and upgrade the unique features of "The Barn."

*Jesus said,  
"Let the little  
children come  
to Me, and do not  
forbid them; for of  
such is the kingdom  
of heaven."  
-Matthew 19:14*

## **We can accomplish all this**

- Without pressuring anyone
- Without asking anyone to give more personal time than is reasonable

**If we each do our part!**
